Emericks Rivas

Steward for Student Services (Registrar's Office, SHS, SDC, Rec Ctr., SGPS)

What do you do at Western, and how long have you worked here?

I am the Graduate Affairs Assistant over at Western Engineering, Graduate & Postdoctoral Studies and Research Office. I began my new role on March 15, 2021 but I have been at Western since 2004.

What keeps you engaged when you're not at work?

I enjoy working out, short trips, and spending time with family and friends.

What's been happening in your area?

I have been meeting quite a few new members in our faculty which is nice to see.

Why did you become a Steward, and why is UWOSA important to you?

I became a Steward because I wanted to support our union the same way they have supported me in the past. UWOSA is important to me because we are a collective and we need to support each other in the good times and bad times.

How else do you serve UWOSA members?

I am currently serving on our Finance Committee, and I was part of the Strike Preparedness Committee this year during our negotiations.

What's the best way for members in your area to contact you?

You can contact me via email at erivas@uwo.ca. Best!

2018 Annual Winter Luncheon

Membership, Newsletter, and Social Committee

UWOSA's Membership, Newsletter, and Social Committee is the heart of the organization, keeping members connected and engaged. This committee has planned major social activities like the annual Winter Luncheon, and smaller events like volunteering for the "Dinner at Our House" program for Ronald McDonald House, indoor climbing at Junction, and online games like the website Scavenger Hunt.

The MNS committee works as a team to support association membership through advocacy, communicates information through the newsletter, and promotes social/community engagement through activities like holiday charity drives.

The committee members serve a two-year term, and meet approximately once per month for about an hour.
