

Dear Members,

I am pleased to submit my nomination for the role of President. I am deeply committed to advocating for our members' interests, protecting their rights, including defending our collective agreement, and promoting fair treatment in the workplace. I am passionate about improving working conditions, particularly with respect to workload and job security. I am confident that my skills, education, and knowledge equip me to serve and lead our union effectively. I have proudly served our union in various capacities, including my current role as UWOSA Vice President (October 2024 to present), as well as Acting Chief Steward, Secretary, and Steward. I have also actively contributed to several committees, including Finance; Membership and Newsletter (Co-Chair); Strike Preparedness (Chair); and the CBL Committee (Chair). I have a B. A. in Administrative and Commercial Studies and I am committed to ongoing professional development. For instance, I have recently completed the *ADRN 6220: Conflict Management* course and pursuing a certificate in Mediation and Conflict Resolution. Thank you for considering my nomination.

In Solidarity,

Emericks Rivas
